

Literacy

This term we will be continuing our focus on sentence building, independently writing words and reading over our own work to check our sentence makes sense. The children will be encouraged to incorporate the sounds they have learnt in phonics within their writing.

We will be starting the topic with the story 'Supertato' and exploring the different characters within the text.

Communication and Language

Over the term we will be engaging in group discussions where the children will be encouraged to extend their sentences and articulate their ideas through using conjunctions such as because. Through sharing ideas and experiences we will be using past, present and future tenses.

Over the term the children will also be learning new topic related vocabulary.

Physical Development

We will be:

- Developing fine and gross motor skills
- Getting ourselves undressed and dressed for PE
- Exploring large and small movements
- Exploring how to use tools safely
- Thinking about healthy and unhealthy foods!

Personal, Social and Emotional Development

As we start talking about the transition into year 1, the children will be thinking about their own superpowers and what that have achieved over the year. They will be looking how far they have come from when they started Reception in September.

We will also be encouraging independence, solving own problems and thinking of own solutions.

What is Your
Superpower?
Summer 2

Expressive Arts and Design

As artists, we will be refining and exploring our skills with a range of different media. We will have a focus media each week such as powder paints, water colours and charcoal.

As part of our topic, we will link our skills to different minibeasts, creating different patterns, textures and models!

Maths

This term we will be looking at halving an amount through sharing, exploring number bonds and securing number knowledge to 10 and beyond.

We will continue to explore shape, measuring and pattern and explore symmetrical constructions.

Understanding of the World

This term we will be looking at real life superheroes. We will look at the roles of police, firefighters, ambulance drivers, nurses etc and will be having some visitors to explore these roles.

We will continue to look at the environment around us and how we can look after it. We will be comparing seasons and looking into staying safe in the sun.

The **Learn Together** strands we will be focusing on are:

- Ethics and the Environment
- Equality and Justice

As environmentalists, we will begin to explore things such as deforestation, global warming and plastic pollution, looking at the impact this is having on our world.

We will explore empathy and Justice through our value of the term!
